

Yavneh College introduces extensive school bus system in response to demand

We will be introducing an extensive system of school buses to provide transport for pupils living in areas affected by the decision by Hertfordshire County Council to remove subsidised faith school transport next year i.e. Bushey, Radlett, Elstree and Shenley. The cost of an annual pass will be comparable to the subsidised rates that pupils currently pay.

In addition, in response to demand from families in North and North West London, the school will be introducing school bus services at affordable rates for pupils living in Stanmore, Edgware, Mill Hill, Hendon, Golders Green, Cockfosters, Southgate and High Barnet.

All of these services will start during the course of this school year and further details will follow.
